

WELCOME TO MISSOURI S&T

ABOUT THE UNIVERSITY:

Missouri S&T is one of the top technological research universities in the nation. Surrounded by Ozarks scenery (S&T is about 100 miles west of St. Louis), the campus is accessible, safe and friendly. Known for its engineering programs, S&T also offers degrees in the sciences, liberal arts, humanities and business. About 6,000 students are currently enrolled in classes, making S&T big enough to accommodate a diverse population but small enough for individuals to stand out.

S&T students are expected to actively participate in the processes of getting an education, whether that means joining a student design team, participating in intercollegiate athletics, conducting research with faculty members, helping to assure safe drinking water in a Central American community, or planning activities for the campus's next St. Pat's celebration. Upon graduation, these experienced students are in extremely high demand by companies across the nation and around the world.

Without exceptional faculty members and involved alumni, it wouldn't be possible to give these students a world-class education. The campus currently employs astronauts, bridge builders, chemists, filmmakers, historians, pyrotechnicians, rocket scientists, solar energy experts and video bloggers. S&T graduates, many of whom give time and money back to the university, work on the International Space Station, play professional poker, run NASCAR teams, search for cancer cures, win Academy Awards and lead Fortune 500 companies. S&T is a campus in motion. With more than 200 student organizations on campus, there's a place for everyone to get involved. Students can be seen pedaling human-powered vehicles in the shadow of Toomey Hall, the new mechanical and aerospace engineering complex. Mining engineers are growing oil-producing algae underground while materials scientists are learning how to mend broken bones with glass in their laboratories.

Founded in 1870, the University of Missouri School of Mines and Metallurgy was the first technological institution west of the Mississippi River. One of four campuses in the University of Missouri System, the name was changed to the University of Missouri-Rolla in 1964. Today, the campus is poised to meet the challenges of the 21st century as Missouri University of Science and Technology.

ATHLETICS DEPARTMENT MISSION STATEMENT:

Intercollegiate athletics at Missouri S&T are conducted in a manner to protect and enhance the physical and educational welfare of student-athletes. Intercollegiate sports provide highly skilled athletes the opportunity to develop their abilities in an environment which promotes scholarship, leadership, sportsmanship and loyalty to the institution. A student-athlete's behavior shall at all times reflect the high standards of honor and dignity that characterize participation in competitive sports in the collegiate setting. The S&T athletics program shall be maintained as a vital component of the educational program, with the student-athletes being an integral part of the student body. The admission, academic setting and academic progress of student-athletes shall be consistent with policies and standards adopted by the institution for the student body in general.

The new student union building, Havener Center, opened on the Missouri S&T campus in January 2005.

GENERAL INFORMATION – ALL SPORTS

TICKETS/PASS LIST:

There is no pass list for visiting teams for events at Missouri S&T, in accordance with Great Lakes Valley Conference regulations. For ticket information for football, soccer, volleyball and basketball games hosted by Missouri S&T, please call (573) 341-4175.

PRESS/MEDIA:

Statistics will be provided for all home events by the sports information office. Please contact John Kean, sports information director or Luke Rinne, assistant sports information director, for press arrangements at (573) 341-4140; all requests will be honored on a first-come, first-serve basis.

OFFICIALS:

Officials are assigned by the Great Lakes Valley Conference or an officials organization which is affiliated with the conference, or by the home team for non-conference sports/contests. Contractual agreements are honored for split crews if applicable.

PRACTICE TIMES:

All practice times for visiting teams must be coordinated through the coaching staff of that particular sport. A list of the coaches and telephone numbers can be found on page 3.

SPIRIT GROUPS/BAND:

Visiting teams should notify the Missouri S&T athletics office at (573) 341-4175, if they plan to bring spirit groups or a pep band. This will facilitate entry to the event.

LOCKER ROOM FACILITIES:

Locker rooms are located in the Gale Bullman Multi-Purpose Building; for football, there is a locker room facility at the south end of Allgood-Bailey Stadium.

AMENITIES:

Water, cups and ice are provided to visiting teams. Soft drinks or sport drinks are provided on occasion for specific sports. Bench towels are provided for certain sports; however, shower towels are not provided.

ATHLETIC TRAINING SERVICES:

Athletic training rooms are located on the ground level of the Gale Bullman Multi-Purpose Building in the south hallway. For your convenience, the traditional training items will be available during your practice (water, cups, ice, ice bags, biohazard materials, etc.). Some sports require specialized items and these will be provided for those contests. If your team is not going to be accompanied by an athletic trainer, please notify us prior to your arrival so a Missouri S&T trainer can provide whatever assistance is needed. If you have any questions or special needs, please call (573) 341-4107. For emergencies, Phelps County Regional Medical Center is located one-half mile west of the S&T athletic facilities.
